PARKING LOT CONCERNS

I am writing this message out of concern for the safety and welfare of your children and all the children attending our programs here at the Lovettsville Community Center. As a staff, we have noticed some very unsafe habits among our patrons and I wanted to take the time to call these to your attention and ask that you consider them carefully the next time you visit.

*Cars are driving too fast in the parking lot areas, particularly in the lane in front of the building. Please be mindful of activities and children that could be in the parking lot and drive with more care.

*Stop for the school bus. Each day between 8:45 and 8:55 am, a school bus stops in front of the building to pick up the children from childcare and the before school program. It is against the law to go past this bus when they are loading children. Please do not do this. It only takes about 1 minute for the children to load.

*Do not leave children in the car when dropping off or picking up other children in our programs. This is of the most concern to the staff, as it puts your children in danger. We all feel that the Center is a safe place, but unfortunately, bad things can happen anywhere. If you see someone leaving their child in the car, offer to take their child into the Center or take turns staying with the kids in the cars. We can help each other to be more safe and responsible.

*Do not park in the fire lane. While this is a very convenient place to park for dropping off or picking up children, it is not allowed.

Please help us continue to keep the parking areas safe for all children.

Thank you!

Elizabeth Bracey, Manager
